Appaloosa Race Enthusiasts:

Color races in the Intermountain Region are on the increase. With stakes races at Boise, Rupert, and other Idaho fairs, Wyoming Downs and Rock Springs, plus Montana's new program, and possibly Denver, colored horses will be able to race whenever you want. We will need numbers to fill these races.

To encourage breeding of your good mares, we are offering our two stallions, **Divo** and **Chicks Dig It**, at very reasonable stud fees.

Any mare. **\$750** - This includes one free shipment of cooled semen

Stakes mares and medallion winners/producers **\$375** - This includes one free shipment of cooled semen

ERC Year End Champion Mares - **Free**. Shipped semen \$250 only.

Our cooled shipped semen is guaranteed breeding quality.

Both Stallions are backed by solid stakes-producing female families and are sired by R Limited Edition si-95, the multiple Stakes and Champion producing son of Easy Jet si-102.

Divo is one of the very few Appaloosas to qualify for the finals of the Speedhorse Futurity and was Ch. 2 yr. old Race Colt. His dam, Lucks Beduino, by Chicks Beduino si-104, has produced 7 AAA AQH winners with over \$150,000 in stakes earnings. First crop in 2012, no starters to date.

Chicks Dig It hails from the great female family of **LITTLE LADY OH** si-100. His dam, Solid Effort, si-96, by Proudest Effort si-102, was Supreme Champion Race Filly with 9 wins in 9 starts. Chicks Dig It qualified to the finals of four stakes races. He is already a proven sire, with three starters, two stakes horses, including New Track Record holder and multiple stakes winner, **CASH AN FLASH**, si-99, \$20,000+.

We would be honored to breed your good mares and feel very confident that either stallion will put you in the winner's circle. Give me a call at 970-481-8865 (cell) or 970-226-1316 (home). Happy New Year!

Sincerely,

John V. White, Jr. DVM (Jack)
